Sixty-one band and guard students took an eight hour non-stop flight to Ireland March 12 and stayed in the country through March 18.

They were invited by the Lord Mayor of Dublin to perform in Limrick and Dublin. The students marched in two parades and performed in a concert competition where they took second place. The band performed songs such as "Louie Louie," "Far and Away," and an Irish Jig.

Sophomore Heidi Karshner said during the concert

"They really enjoyed our playing."

To help the students raise money for the trip (in addition to each student paying \$1,500) the band and guard held fundraisers, and received donations.

Organized by the Music Travel Consultants, the agenda included students visiting Bunratty Castle where they ate a medieval dinner, Abbey Tavern, St. Patrick's Cathedral, Griffon Street, The Cliffs of Mohrer, and Planet Hollywood in Dublin.

Students like Jeremiah Kozub, Joe Webdell and Allison Glidewell enjoyed the Cliffs of Mohrer while others enjoyed the shopping, castles and entertainment.

When asked what they would have done differently, Junior Frank Curley replied, "I would have lengthened the stay so we could have learned more about the Irish culture." Others said they would have taken their family or girlfriends, or spent more time shopping.

"I wanted to see the students enjoy themselves and learn something valuable about a country that helped to build our country," said Mr. Brian Bartlett, band director.

"It's a once in a lifetime experience, and I definitely want to go again," said Junior Tim Mosher.

The event originally had over 40 seniors vying for positions, but, according to Christina Alexander, Student Council mayor, many seniors were eliminated by the administration because they had 10 or more absences this school year or an in or out of school suspension.

Also, as was the policy last year, Hobart Mayor Linda Buzenic only allowed two students in each city department for the day.

For the city, Christina Alexander took over for the city mayor, while Darcy Zivic and Steve Hnatiuk spent the day with the court system.

# Mr. Tom Kerr retires after 36 years in Hobart

Mr. Tom Kerr, physical education teacher and football coach, retired after 36 years with Hobart schools to pursue other interests June 8.

Touching lives in a positive way, motivating young people to work hard and achieve some goals, and seeing students being successful are the things that interested Mr. Kerr the most about teaching.

He said he hoped he taught his students to do their best, do what is right, and treat other people the way

they would want to be treated.

He said he will miss the good students and the camaraderie of the staff the most. He added that the staff and the tradition that exists at HHS is what he liked most about teaching.

Mr. Kerr received his bachelor of science degree in physical education and a master of science degree in athletic administration from the University of Michigan. He taught in Ann Arbor, Mich-

igan, for one year before beginning his long career in Hobart. He also taught general science, health and conditioning and athletic training during his career.

Commenting on the teaching profession and how it has changed over the years, Mr. Kerr, said, "It has gotten more difficult because of the lack of respect, discipline, and attitudes of parents and students."

Because of these changes, Mr. Kerr added, "The attitudes, language and lack of respect students have towards their teachers and their peers," was what he liked least about teaching.

Mr. Kerr said his fondest memories will be the four state football championship teams he coached at HHS.

After retiring Mr. Kerr planned to spend time golfing, traveling, and working for Pepsi-Cola.

Far Left—Mr. Tom Kerr addresses the HHS faculty at a retirement reception held for him at the end of the school year.

## HHS mourns death of Miss Sharyl Mitchell

The HHS community was shocked and saddened by the sudden death of Miss Sharyl Mitchell, Spanish teacher, Nov. 14, 1997.

Miss Mitchell spent 26 of 30 years of her teaching career at Hobart. Miss Mitchell had a bachelors degree in Spanish and math from Butler University. She also had a master's degree in secondary education from Indiana University, and had done more

post-graduate work at Purdue University.

Over the years, she had taught Spanish, geometry, algebra, intermediate algebra and computer programming. She was the first academic teams coordinator and chairperson of the Indiana 2000 committee. Miss Mitchell was one of the grant writers that helped the high school to get the TOC computer lab, which opened this year, next to the library.

Collecting dolls and teddy bears were her favorite hobbies. She was president of a local doll club and treasurer of another doll club.

"Miss Mitchell was a very sweet lady. She was an excellent teacher and a great peer. She will always be remembered as a kind, sensitive, and peaceful woman. She will also always be looking down on us from heaven," said Junior Jeremiah Kozub.

Miss Mitchell was an excellent teacher who gave her students the respect they deserved. I will always remember her, and she will be greatly missed," added Junior Kristina Locke.

"She was a special person," said Mrs. Cynthia Lambeth, English and journalism teacher, about Miss Mitchell. "Not only have I lost a colleague, but also a very close friend who was thoughtful and kind. My children

called her their Fairy Godmother, and I am sure she is watching over them now."

After visitation in Hobart, Miss Mitchell's body was taken to her hometown of Morristown for burial.

A scholarship fund was established by fellow teachers in her name. The first recipient of the Sharyl L. Mitchell Memorial Scholarship was Senior Kristen Smith.

Senior Class Officers — Front Row: Holly Zeszutko, secretary; Kristen Smith, vice-president. Back Row: Sarah Busch, Treasurer; Mike Anderson, president.

High School has been a long and winding road. Most of our teenage hopes, fears, and anxieties are behind us. We no longer have to travel through the crowded hallways, nor wait in the long lines at lunch. We will relive our high school days through our memories and recollections of the past. All the hellos from our friends and the smiling faces of our teachers will remain with us as we venture on to conquer new experiences.

Although our friends, Kate Corgan, Jay Durbin, Doug Ellison, and Nick Galler, won't be a part of our future, they will be in our hearts and memories through-out our lives.

After being through the best and worst times together, saying good-bye was one of the hardest things we have ever had to do. We now realize that the game we call life has many obstacles, and we must ready ourselves for the future.

## Bricks capture 17th sectional championship

The varsity football team hosted a successful season under the leadership of captains Doug Bloom, Eric Djuric, Corey Ochall, Craig Osika, Andy Strayer, and Julian Torres.

The Brickies were undefeated in regular season action to claim the Duneland Athletic Conference championship and continued the success of yet another consecutive sectional championship. Their season was cut short by a 35-21 loss to the Griffith Panthers in the regional championship.

Coach Tom Kerr, who retired at the end of the season, said, "To go undefeated in the DAC was a great accomplishment. Our seventeenth consecutive sectional title and a 12-1 season was a

credit to our senior leadership. I, as a coach, am very proud of what these young men accomplished."

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems in the community. The Department of Health (1999) has set out a vision for the future of mental health services, which includes a focus on preventing mental health problems, supporting people with mental health problems in the community, and providing specialist services for people with severe mental health problems. The vision is based on the principles of recovery, which emphasizes the importance of helping people to live meaningful lives and to achieve their goals. The vision also recognizes the need for a range of services, including community mental health teams, crisis services, and specialist services.

Community mental health teams (CMHTs) are a key part of the vision for the future of mental health services. CMHTs provide a range of services, including assessment, diagnosis, treatment, and support, to people with mental health problems in the community. CMHTs are typically led by a community psychiatrist and include a range of other professionals, such as nurses, psychologists, and social workers.
